SUBJECT INDEX TO VOLUME XXXIII

ABDOMINAL surgery, Some technical points in, 591
Abortion, Missed, tr. 434
Abscess, Brain, following frontal sinusitis, 72; Subdiaphragmatic, 502
Actinomycosis of the cæcum, 548
Adenitis, Kraurosis vulvæ and inguinal, of a malignant nature, 554
Adenocarcinoma of the uterus, tr. 443
Adenomyoma of the fallopian tube, 57
Adhesions, peritoneal, The application of silver foil as a preventive of, 186, tr. 204
Alkalinization, The results of, in operative cases, 381, tr. 438
American College of Surgeons, 93, 209, 320, 448, 581, 707; Clinical Congress, 108, 216, 324, 451; Ninth Convocation, 707; Conferring of honorary fellowships in the Royal College of Surgeons in Ireland, 707; Hospital standardization, 321, 581—List of approved hospitals, 583; Experience as a surgeon with standardization program, 589; College Library, 710; The New Department of Literary Research, 320, 448, 710; South American Surgeons—Report of Official Visit to Peru, Chile, Argentine, and Uruguay, in behalf of the American College of Surgeons, by Franklin H. Martin, 93; Report of Visit to Ecuador and Bolivia by Francis P. Corrigan, 209; State Clinical Meetings, 110, 222, 449
Anæsthesia, local, An estimate of the value of, in the surgery of today, 27; for the control of chronic pain, tr. 206; Section of the sensory root of the fifth cranial nerve under, 424
Analgesia, Nitrous-oxide-oxygen, in major operations, 74
Aneurism, A large mycotic embolic arteriovenous, of the femoral vessels, 560
Anterolateral tract, Section of the, of the cord for the relief of intractable pain due to spinal cord lesions, 246
Appendicitis, Focal infection and elective localization of bacteria in, ulcer of the stomach, cholecystitis, and pancreatitis, 19; Acute, in pregnancy, tr. 437
Appendix, carcinoma of the, tr. 434; Lymphosarcoma of the, tr. 436
Artery, common carotid, Successful suture of the, in man, 62; Embolism and thrombosis of the superior mesenteric, 385
Arthritis, The treatment of gonococcal, with aspirated synovial fluid injected intramuscularly, 574
Arthroplasty of the jaw with some general remarks on focal infection and on the formation of new joints, 8
Atrophy, Bone, an experimental and clinical study of the changes on bone which result from nonuse, 250

BACTERIOLOGY and pathology of fallopian tubes removed at operation, 621
Banti's disease, Splenectomy in third state, with report of a case of 15 months' standing, 376
Bilharziasis, 557
Bladder, Radium in cancer of the, 570; The treatment of tumors of the, without local excision; an experimental and clinical study, 517
Blood vessel suture, 657
Bodies, Movable, in the knee-joint, 490; Posterolateral incision for the removal of loose, from the posterior compartment, of the knee-joint, 698
Bone atrophy, an experimental and clinical study of the changes in bone which result from nonuse, 250
Brain abscess following frontal sinusitis, 72
Branchial origin, Ranula of, 182
Breast, cancer, A new and advanced surgical treatment for, 417; Massive hypertrophy of the, 607

CÆCUM, Actinomycosis of the, 548
Cæsarean section, The two-flap low incision, an operation applicable after an efficient test of labor, 290; a knife for the cervical, 431
Cancer, of the bladder, Radium in, 570; breast, A new and advanced surgical treatment for, 417; of the cervix uteri, Radical abdominal hysterectomy for, modification of the Takayama operation, 335; Gastro-intestinal union following partial gastrectomy for, ed. 578
Carcinoma, of the appendix, Sarcoma of the uterus, adenomyoma of the rectovaginal septum, tr. 434; of the cervix, Early squamous cell, accidentally discovered when the body of the uterus was being curetted for hæmorrhage caused by hyperplasia of the endometrium and by a small submucous myoma, 137; of the clitoris, Primary, tr. 193; The incidence of, in gastro-intestinal diverticulosis, detailed report of a case of gastric diverticulosis, 177; of the uterus, Radium in, 158; of the uterus, The histological changes incident to radium and X-ray treatment of, 162; of the white mouse, A critical study of an organism which is associated with a transplantable, 167
Caries, Treatment of, of the hip-joint and some observations upon the use of a traction abduction splint, 700
Cavernous hæmangioma of the left lobe of liver, weight three pounds fourteen ounces, extirpation of left lobe of liver, recovery, 277
Cervical cæsarean section, Knife for, 431
Cervix, Early squamous cell carcinoma of the, accidentally discovered when the body of the uterus was being curetted for hæmorrhage caused by hyperplasia of the endometrium and by a small submucous myoma, 137; of the uterus, Rare tumors of the, of inflammatory origin, condyloma and granuloma, 145; Technique for hysterectomy with infected and malignant, cor. 208; uteri, Radical abdominal hysterectomy for cancer of the, modification of the Takayama operation, 335
Chicago Gynecological Society, 193, 199, 434, 439
Chicago Medical and Chicago Gynecological Society, 439
Chicago Medical and Chicago Surgical Society, 444
Chicago Surgical Society, 84, 87, 205, 206, 314, 316, 444
China, Some notes in regard to the surgery of South, 674
Cholecystectomy, A comparative study of the end-results of cholecystostomy and, 41, 87
Cholecystostomy, A comparative study of the end-results of, and cholecystectomy, 41, 87
Clitoris, Primary carcinoma of the, tr. 193
Colon, Diverticulum of the ascending, 679
Complement fixation in the diagnosis of gonorrhœa in women, 414
Common carotid artery, Successful end-to-end suture of, in man, 62

Cord, Section of the anterolateral tract of the, for the relief of intractable pain due to spinal cord lesions, 246; The diagnosis and surgical treatment of tumors in front of the spinal, 670
Cranioplasty, A method of, using as a graft one-half the thickness of the bony part of a rib, 79
Craniorrhachischisis, tr. 194
Cysts, Epidermoid, 494; of the mesentery, 544; Parovarian, tr. 193
Cystadenoma, Papillary, of the ovary, 362
Cystocele, Notes on the Hadra-Martin-Rawls operation for, 190, 195

DISLOCATION of the shoulder, Habitual or recurrent, 1
Diverticulosis, The incidence of carcinoma in gastro-intestinal, detailed report of a case of gastric diverticulosis, 177
Diverticulum of the ascending colon, 679

ECTOPIC pregnancy, Simulated unilocular twin, tr. 195
Elbow, Mobilization of the, by free fascia transplantation with report of thirty-one cases, 223
Embolism and thrombosis of the superior mesenteric artery, 385
Empyema, A suction apparatus for the treatment of, 568
End-Results, Surgical, and hospital morbidity, ed. 432
Enterocele, Acute partial, 38, tr. 84
Epidermoid cysts, 494

FACIAL paralysis, 472
Fallopian tube, Adenomyoma of the, 57; Bacteriology and pathology of, removed at operation, 621
Fellowship address, 597
Femoral vessels, A large mycotic embolic arteriovenous aneurism of the, 560
Femur, Treatment of fracture of the neck of the, 692
Flaps, The delayed transfer of long pedicle, in plastic surgery, 261
Focal infection and elective localization of bacteria in appendicitis, ulcer of the stomach, cholecystitis, and pancreatitis, 19
Fœtus *in utero*, Roentgenogram of the, 199
Fractures, Results in open treatment of, 45, tr. 84; of the neck of the femur, Treatment of, 692; of the transverse processes of the lumbar vertebræ, 272, tr. 314; of the lower third of the tibia, Some observations on cases of nonunion of, 551

GALL-BLADDER, The technique of, surgery in the presence of jaundice, 469
Gas, carbon dioxide, The X-ray after the inflation of the pelvic cavity with, as an aid to obstetric and gynecological diagnosis, 154, tr. 202
Gastric diverticulosis, The incidence of carcinoma in gastro-intestinal diverticulosis, report of case of, 177
Gastro-Enterostomy stomata, Disconnecting, a clinical and experimental study, 681
Gastro-Ileostomy, 564
Gastro-Intestinal union following partial gastrectomy for cancer, ed. 578
Gastroschisis, tr. 193
Genito-Urinary tract in women, The treatment of gonorrhœa in the lower, 308
Goiter, The indications for surgical treatment in the different types of, 348
Gonococcal arthritis, The treatment of, with aspirated synovial fluid injected intramuscularly, 574
Gonorrhœa, The treatment of, in the lower genito-urinary tract in women, 308; in women, Complement fixation in a diagnosis of, a preliminary report, 414
Graft, A method of cranioplasty using as, one-half the thickness of the bony part of a rib, 79
Granuloma, Rare tumors of the cervix of the uterus of inflammatory origin, condyloma and, 145
Gynecological, diagnosis, Results with intraperitoneal gas inflation and the X-ray as aids in obstetrical and, 154, tr. 202; service of St. Luke's hospital, Report of cases treated with radium in the, 409, tr. 439

HADRA-MARTIN-RAWLS operation for cystocele, 190, tr. 195
Hæmorrhage, Dangerous intraperitoneal, from uterine fibroid, 296
Hand muscle paralysis, A tendon transplant for intrinsic, 342
Hepatic incompetency, The surgical significance of, 463
Hernia, double obturator, Final report on a case of radical operation for, failure, 429
Hip-Joint, Treatment of caries of the, and some observations upon the use of a traction abduction splint, 700
Hospital morbidity, Surgical end-results and, ed. 432
Hospital statistics, Standardization of, ed. 312
Humerus, Sarcoma of the upper end of the, operation, no recurrence, cor. 207
Hypertrophy of the breast, Massive, 607
Hysterectomy, Abdominal pregnancy following, 199; Technique for, with infected and malignant cervices, cor. 208; Radical abdominal, for cancer of the cervix uteri, modification of the Takayama operation, 335

ILEUM, Intussusception of the, in adults due to benign tumors, 499
Incision, Posterolateral, for the removal of loose bodies from the posterior compartment of the knee-joint, 698
Infection, The surgical treatment of acute pelvic, in women, 299
Inserts—Radical abdominal hysterectomy for cancer of cervix uteri—H. Okabayashi, opposite 335 and 358
Intracranial tension, Clinical uses of salt solution in conditions of increased, 126
Intraperitoneal hæmorrhage, Dangerous, from uterine fibroid, 296
Intussusception of the ileum in adults due to benign tumors, 499
Irrigation, Clinical and experimental observations in the use of saline, in the treatment of diffuse peritonitis, 355

JAUNDICE, The technique of gall-bladder surgery in the presence of, 469; Pre-operative preparation of patients with obstructive, 651
Jaw, Arthroplasty of the, with some general remarks on focal infection and on the formation of new joints, 8
Jejunal ulcer, 120
Joints, new, Arthroplasty of the jaw with some general remarks on focal infection and on the formation of, 8

KNEE-JOINT, Movable bodies in the, 490; Posterolateral incision for the removal of loose bodies from the posterior compartment of the, 698
Knife for the cervical cæsarean section, 431
Knot, A new method of tying a surgical, cor. 112
Kraurosis vulvæ and inguinal adenitis of a malignant nature, 554

LAMINECTOMY for meningitis, 288
Larynx, Primary scleroma of the, in a negro born in Maryland, 47
Linitis plastica, 281

Liver, Cavernous hæmangioma of the left lobe of, weight three pounds fourteen ounces, extirpation of left lobe of liver, recovery, 277; The surgical significance of hepatic incompetency, 463
Lumbar vertebræ, Fractures of transverse processes of the, 272, tr. 314
Lymphosarcoma of the appendix, tr. 436

MALIGNANT, nature, Kraurosis vulvæ and inguinal adenitis of, 554
Meningitis, Laminectomy for, 288
Mesentery, Cysts of the, 544
Mobilization of the elbow by free fascia transplantation with report of thirty-one cases, 223
Morbidity, Surgical end-results and hospital, ed. 432
Mouse, white, A critical study of an organism associated with a transplantable carcinoma of the, 167, tr. 205
Mycetoma, report of case, 687
Mycotic, A large, embolic, arteriovenous aneurism of the femoral vessels, 560

NEOPLASMS, malignant, Is the surgeon of experience ever justified in violating the recognized surgical technique in dealing with, 406, tr. 444
Nerve, fifth cranial, Section of the sensory root of the, under local anæsthesia, 424; anterior tibial, Injury to the, and tendon, tr. 316; injuries, The diagnosis of peripheral, 646; injuries, The treatment of peripheral, 641; suture, Osteomyelitis of the forearm, tr. 316
Nitrous-oxide-oxygen analgesia in major operations, 74
Nonunion of fractures, Some observations on cases of, in the lower third of the tibia, 551

OBSTETRICAL, and gynecological diagnosis, The X-ray after the inflation of the pelvic cavity with carbon dioxide gas as an aid to, 154, tr. 202
Obturator hernia, Final report on a case of radical operation for cure of double, failure, 429
Organism, A critical study of, associated with a transplantable carcinoma of the white mouse, 167, tr. 205
Œsophageal stricture, following the vomiting of pregnancy, 412
Osteomyelitis, of the forearm, nerve suture, tr. 316
Ovary, Papillary cystadenoma of the, 362

PAIN, Control of chronic, 184, tr. 206; intractable due to spinal cord lesions, Section of the anterolateral tract of the cord for the relief of, 246
Paralysis, Facial, 472; intrinsic hand muscle, A tendon transplant for, 342
Parovarian cyst, tr. 193
Pathology of the spleen, Contributions of surgery to our knowledge of the physiology and, ed. 704
Pedicle flaps, The delayed transfer of long, in plastic surgery, 261
Pelvic infection in women, The surgical treatment of acute, 299
Peritoneal adhesions, The application of silver foil as a preventive of, 186, tr. 204
Peritonitis, diffuse, Clinical and experimental observations in the use of saline irrigation in the treatment of, 355
Perthes' disease, tr. 87
Pessary removed from vagina, tr. 194
Physiology and pathology of the spleen, Contributions of surgery to our knowledge of the, ed. 704
Pineal tumors, An operation for the removal of, 113
Plastic surgery, The delayed transfer of long pedicle flaps in, 261
Polypi of the uterus, Malignant, tr. 199
Portraits—Adriasola, Alberto, 99; Alcivar, Miguel H, 213; Aljovin, Miguel C., 98; Gana, Francisco, 97; Gastaneta, Guillermo, 98; Lamas, Alfonso, 103; Orfila, Juan Pon, 103
Pregnancy, Abdominal, with living child, 65; following hysterectomy, 199; ectopic, Simulating unilocular twin, tr. 195; Interstitial tubal, 285; Acute appendicitis in, tr. 437; the vomiting of, Œsophageal stricture following, 412
Pyelitis, The treatment of, 632

RADIUM, Physical factors underlying the use of, and radium emanation, tr. 439; Report of cases treated with, in the gynecological service at St. Luke's hospital, 409, tr. 439; in cancer of the bladder, 570; in carcinoma of the uterus, 158; The histological changes incident to, and X-ray treatment of uterine carcinoma, 162
Ranula of branchial origin, 182; The surgical pathology of, cor. 580
Rectal tampon, Improved rubber covered, 430
Relaxation of the vaginal outlet, is the obstetrician responsible, 353
Roentgenogram of the fœtus *in utero*, 199
Rubin test simplified, 567

SACRUM, Removal of ventral tumors of the, by the posterior route, 164
Saline irrigation, Clinical and experimental observations in the use of, in the treatment of diffuse peritonitis, 355
Salt solution, Clinical uses of, in conditions of increased intracranial tension, 126
Sarcoma, of the upper end of the humerus; operation, no recurrence, cor. 207; of the uterus, tr. 434
Scleroma, Primary, of the larynx in a negro born in Maryland, 47
Sensory root, Section of the fifth cranial nerve under local anæsthesia, 424
Shoulder, Habitual or recurrent dislocation of the, 1
Silver foil, The application of, as a preventive of peritoneal adhesions, 186, tr. 204
Sinusitis, Brain abscess following frontal, 72
South American Surgeons—report of official visit to Peru, Chile, Argentine, and Uruguay, in behalf of the American College of Surgeons, by Franklin H. Martin, 93; to Ecuador and Bolivia by Francis P. Corrigan, 209
Spinal cord, The diagnosis and surgical treatment of tumors in front of the spinal cord, 670
Spleen, Contributions of surgery to our knowledge of the physiology and pathology of the, ed. 704
Splenectomy in third stage, Banti's disease, with report of case of 15 months' standing, 376
Splint, traction abduction, Treatment of caries of the hip-joint and some observations upon the use of a, 700
Standardization, of hospital statistics, ed. 312; program, My experience as a surgeon with the, 589
Stomata, Disconnecting gastro-enterostomy, a clinical and experimental study, 681
Stricture, Œsophageal, following the vomiting of pregnancy, 412
Subdiaphragmatic abscess, 502
Surgery, The weak spot in American, 67; abdominal, Some technical points in, 591; of south China, Some notes in regard to the, 674
Surgical diagnosis, Old methods versus new in, 605
Suture, Blood vessel, 657; Successful end-to-end, in the common carotid artery, in man, 62; nerve, Osteomyelitis of the forearm, tr. 316
Synovial fluid, aspirated, The treatment of gonococcal arthritis with, injected intramuscularly, 574

TAMPON, Improved rubber covered, 430
Technique, recognized surgical, Is the surgeon of experience ever justified in violating, in dealing with malignant neoplasms, 406, tr. 444
Tendon, transplantion, Physiological method of, 528; transplant, for intrinsic hand muscle paralysis, 342; Injury to the anterior tibial nerve and, tr. 316
Tension, Clinical uses of salt solution in conditions of increased intracranial, 126
Thrombosis, Embolism and, of the superior mesenteric artery, 385
Tibia, Some observations on cases of nonunion of fractures in lower third of, 551
Transactions, Chicago Gynecological Society, 193, 199, 434, 439; Chicago Gynecological and Medical Societies, 439; Chicago Surgical and Medical Societies, 444; Chicago Surgical Society, 84, 87, 205, 206, 314, 316, 444
Transplantation, free fascia, Mobilization of the elbow by, with report of thirty-one cases, 223; tendon, The physiological method of, 528
Tubal pregnancy, Interstitial, 285
Tuberculous ulcer of the anterior vaginal wall with resection of ulcer, 76
Tumors, benign, Intussusception of the ileum in adults due to, 499; mouse, Experiments with an organism associated with the Crocker transplantable, 167, tr. 205; of the bladder, Treatment of, without local excision, an experimental and clinical study, 517; of the cervix of the uterus, of inflammatory origin, condyloma and granuloma, 145; pineal, Operation for removal of, 113; in front of the spinal cord, The diagnosis and surgical treatment of, 670; ventral, Removal of, of the sacrum by the posterior route, 164

ULCER, Jejunal, 120; of the stomach, Focal infection and elective localization of bacteria in appendicitis, cholecystitis, and pancreatitis, 19; Tuberculous, of the anterior vaginal wall, with resection of the ulcer, 76
Uterus, Roentgenogram of fœtus in, 199; Supports of the, 53; Adenocarcinoma of the, tr. 443; carcinoma of, Radium in, 158; carcinoma of, The histological changes incident to radium and X-ray treatment, 162; fibroid of, Dangerous intraperitoneal hæmorrhage from, 296; Malignant polypi of, tr. 199; Sarcoma of, tr. 434

VAGINAL, outlet, Relaxation of the, is the obstetrician responsibile, 353; wall, Tuberculous ulcer of the anterior, with resection of ulcer, 76
Ventral tumors of the sacrum, Removal of, by the posterior route, 164
Vertebræ, lumbar, Fractures of transverse processes of the, 272, tr. 314
Vessel, Blood, suture, 657

X-RAY, Treatment of uterine carcinoma, The histological changes incident to radium and, 162; after inflation of pelvic cavity with carbon dioxide gas as aid to obstetrical and gynecological diagnosis, 154, 202

BOOK REVIEWS

The Genuine Works of Hippocrates Translated from the Greek with a Preliminary Discourse and Annotations. By Francis Adams, LL.D., surgeon, 317
Gynecology. By Brooke M. Anspach, M.D., 89
The Endocrines. By Samuel Wyllis Bandler, AB., M.D., F.A.C.S., 318
The Difficulties and Emergencies of Obstetric Practice. By Comyns Berkeley, M.A., M.D., M.C.(Cantab.), F.R.C.S.P.(Lond.), M.R.C.S.(Eng.), and Victor Bonney, M.S., M.D., B.Sc.(Lond.), F.R.C.S.(Eng.), M.R.C.P.(Lond.), 91
Surgical Pathology and Morbid Anatomy. By Sir Anthony A. Bowlby, K.C.B., K.C.M.G., K.C.V.O., F.R.C.S., and Sir Frederick W. Andrewes, M.D., F.R.S. 7th ed. 319
A Nurse's Handbook of Obstetrics. By Joseph Brown Cooke, M.D. 9th ed. 92
Operative Gynecology. By Harry Sturgeon Crossen, M.D., F.A.C.S. 2d ed. 90
Operativ Gynaekologie. By A. Doederlein and B. Kroenig. 4th ed. 89
Clinical Lectures on Enlargement of the Prostate with a Description of the Author's Operation of Total Enucleation of the Organ. By Sir Peter J. Freyer, K.C.B., M.D., M.Ch., M.S., LL.D.(honoris causa), Nat. U.I., tr. 5th ed., 317
Surgery; a textbook by various authors. Edited by George E. Gask, C.M.G., D.S.O., F.R.C.S.(Eng.), and Harold W. Wilson, M.S., M.D.(Lond.), F.R.C.S.(Eng.), 318
Diseases of Women Including Abnormalities of Pregnancy, Labor, and the Puerperium. By Charles M. Green, A.B., M.D., 90
Keen's Surgery, Its Principles and Practice. By various authors, edited by William Williams Keen, M.D., LL.D., vols. vii and viii and index, 706
Collected Papers of the Mayo Clinic, Rochester, Minnesota, vol. xi, 1919. Edited by Mrs. M. H. Mellish. 317
Maternitas, a Book Concerning the Care of the Prospective Mother and Her Child. By Charles E. Paddock, M.D., 92
Tumours Complicating Pregnancy, Labour, and the Puerperium. By Herbert R. Spencer, M.D., B.S., F.R.C.P., 91
Report of the Scientific Work of the Surgical Staff of the Woman's Hospital of the State of New York, 91
